

Utility Arborist Position Description

Location	10 Chelmer Street, Oamaru.
Reports to	Vegetation Supervisor.
Direct reports	Nil.
Who we are	<p>Network Waitaki is an electricity distribution and energy services business that powers our local economy.</p> <p>Our core business is bringing electricity from the national grid to over 13,000 connected customers in North Otago and parts of South Canterbury, providing innovative energy solutions to our customers.</p> <p>We also have a growing contracting business which provides electricity distribution network construction and maintenance services across New Zealand.</p> <p>We are based in the vibrant coastal town of Oamaru with a team of around 85 passionate and dedicated staff.</p>
Purpose of position	<p>To undertake a wide range of vegetation maintenance activities on and around the network and customer lines.</p> <p>To undertake vegetation fault work (including after-hours) as required.</p> <p>To undertake vegetation management and arborist work for private customers as required.</p> <p>Due to the 24/7 nature of our operation, the Vegetation Arborist will be requested to be available for after hours and emergency situations as part of their role. On occasion, as part of your duties you may be required to work outside the North Otago region and this may involve working away from home for short periods of time.</p>

Key Accountabilities

1. Health and safety

- Comply with agreed health and safety processes and procedures, identifying hazards and controlling risk to ensure everyone goes home safely each day.
- Actively identify and control all risks which could cause serious harm.
- Ensure that all members of your team adhere to company policies and procedures.
- Identify, report and assist to eliminate hazards in your workplace.
- Ensure compliance with agreed health and safety processes and procedures.
- Ensure all actions do not present risk to yourself, your team, the public or your equipment and plant.

2. Team Player

- Contribute positively to Network Waitaki culture and share successes, learnings, and innovations within the Network Waitaki team which, as a result, delivers superior performance.
- Remain current with trends and best practice relating to vegetation maintenance activities, share and utilise this.
- Model expected behaviours to all colleagues, customers, and other stakeholders.
- Work in a manner that reflects a clear alignment with the values and expectations of Network Waitaki.
- Take ownership of issues – see it, own it, sort it.

3. Work Planning and Management

- Work with the Supervisor to ensure the planning of work activities ensures the effective utilisation of people, plant and resources.
- Ensure vehicles and equipment are kept safe, operational, with minimal damage, and in accordance with the Motor Vehicle Policy.
- Ensure that any defect or maintenance requirements are reported immediately.

4. Vegetation Management

- Undertake vegetation trimming and felling activities to ensure compliance with the *Electricity (Hazards from Trees) Regulations 2003*.
 - Undertake site clean-up, removal of debris and/or chipping of trimmings as per agreement with the Vegetation Supervisor.
 - Contribute to the development and improvement of vegetation best practice, standards, procedures, guidelines and work methodologies to ensure continuous improvement and accuracy.
 - Regularly refer to the vegetation best practice, standards, procedures, guidelines and work methodologies to ensure compliance.
 - Provide feedback, completed work packs and accurate records to the Supervisor upon completion of each job.
 - Actively identify non-compliant vegetation growth around the network as part of routine activities and contribute to developing a long-term schedule of upcoming planned vegetation activities.
-

5. Quality

- Ensure all work completed is in accordance with agreed standards and plans and meets good industry practice.
- Have pride in workmanship to ensure the best outcomes for Network Waitaki and tree owners, and to ensure network safety and reliability from vegetation management activities.
- Provide feedback on standards, procedures and equipment to ensure continuous improvement.
- Participate in reviews of completed work to ensure compliance and close out of outstanding issues.

Key Performance Indicators

- No injuries or harm to you or your team arising from your work and activities.
- No lost time or productivity due to planning or organisational issues within your scope of influence.
- All work is completed on time and to specification, with no rework required.
- Demonstrated contribution to a positive, collaborative work culture which aligns with Network Waitaki's values.
- Exceptional customer service provided with no negative feedback received.
- All required records and processes are completed within required timeframes.
- No loss or damage to trucks, chipper, power tools or ppe.
